

**Phuket, 22. September 2006**

**Dear Phuket Dive Operator,**

**1. Several meetings were and still will be held within the next days with the responsible government authorities, as well right in this moment with the responsible court according to the new dive regulations to discuss possibility of a lawsuit to force a postponement of the new dive regulations.**

**The TDA would like to ask all dive centers to attend a new meeting early next week at the Peach Hill Resort (exact date will be announced as soon as possible) during which the new results will be announced.**

**TDA asks that Dive Operators please not register under the new regulations until after this meeting. Registering now will just make it more difficult to get these regulations postponed and changed.**

**All dive centers who have filled out the application for TDA "supporting membership" are asked to bring 2.000,-- Baht for the application fee, and annual membership fee of 5.500,-- Baht at that time. This will offer the financial support which is much needed for the expenses.**

**During the meeting it will also be possible for new members to sign up, and the TDA is looking forward to high attendance. Afterwards there will be an election of the TDA Supporting Member Committee for Phukets dive centers, to ensure a constant presence of interest of Phukets dive centers in the TDA committee.**

**2. Please open as well this TAT News link  
[http://www.tatnews.org/tat\\_release/detail.asp?id=3039](http://www.tatnews.org/tat_release/detail.asp?id=3039) and  
inform all your foreign costumers NOT to cancel their  
holidays!**

**Thank you,**

**Yours Truly TDA**
